<b>CORE PROGRAM</b>	The Bureau of Plant Industry is mandated to serve and support the Philippine Plant Industry and is committed to value and satisfy the needs of our stakeholders in the areas of research and development, production support and regulatory services.				
	The strategic objectives include : Ensure access of farmers to quality seeds and planting materials; Generates new and relevant agricultural technologies; Strengthens vegetable production projects which aims to enhance the production of food crops through gardening in schools, barangays, government-owned lots and other idle lots; Enforces food safety standards; Strengthens quarantine measures against transboundary pest like Fall Army Worm; Conduct upstream research and development on various crops namely tropical fruits, legumes, white potato and semi temperate; Upgrade infrastructure and support facilities; Program on Crop Diversification; Promotion on Good Agricultural Practices	<b>Production Support Services</b>			<b>4,688</b>
		Vegetable seeds distributed	7,399.76	Produced/distributed	
		Individuals	1,157		
		Group	102		
		Planting materials distributed	53,658	Produced/distributed	
		Individuals	2,221		
		Group	424		
		Vermicompost distributed	3,656	Produced/distributed	
		Group	21		
		Production facilities maintained	33	Maintained	
		Pest advisories conducted	4	Served	
		Biological control agents (B/CAs) distributed	39,808	Produced/distributed	
		Individuals	443		
		Group	45		
		<b>Research and Development Services</b>		<b>Conducted</b>	<b>16,347</b>
		Research and development activities conducted			
		New	8		
		Continuing	41		
		Completed	7		
		<b>Agriculture and Fishery Regulatory Support</b>		<b>Delivered/Issued/Served</b>	<b>334,882</b>
		Quality Control and Inspection			
		Seed growers/producers accredited	1,232		
		Individuals	1,189		
		Group	38		
		Seed certification(bags tagged)	2,356,566		
		Individuals	7,125		
		Group	176		
		Plant nursery accreditation	34		
		Individuals	34		
		Plant material certification(seedlings tagged)	548,986		
		Individuals	15		
		Group	24		
		Tissue culture laboratory accredited	1		
		Group	1		
		Food safety analysis issued (samples analyzed) and GAP farm certified	1,275		
		Individuals	363		
		Group	843		
		Bio-safety permits issued	16		
		Group	16		
		<b>Quarantine Service</b>			
		Quarantine clearances and permits issued			
		Import clearance issued	65,614		
		Phytosanitary clearance issued	84,739		
		Domestic permits issued	161,080		
		Individuals	110,511		
		Group	184,924		
		Monitoring activities			
		Agricultural Facilities			
		Monitored and/or	169		
		Agricultural Products			
		Monitored and/or	30		
		Agricultural Sites and			
		Products that have been	14		
		Application for quarantine permits and SPS clearances processed within one day (%)	75%		
		<b>Acclimatization</b>			
		Plant variety registered and protected	37		
		Individuals	1		
		Group	35		
<b>BANNER PROGRAMS</b>	Banner Programs such as Rice, Corn, High Value Crops and Organic Agriculture. The Rice and Corn Program, a National Banner Program of the DA, plays a vital role in achieving food security, competitiveness and sustainable seed industry where farmers benefit from decent and increasing standards of living. It also ensures the availability of high quality seeds to be distributed at any given time especially during calamities and unanticipated events affecting rice and corn seed production. Production support, education and training extension services as well as research and development were orchestrated and conducted to guarantee the effective implementation of the activities of the program. For the High Value Crops and Development Program, its main objective is to ensure the availability of quality seeds and planting materials through different activities and programs, such as Gulayan sa Paaralan and Urban Agriculture. In order to promote organic agriculture Republic Act 10068, also known as "Organic Agriculture Act of 2011" was approved.				
<b>NATIONAL RICE PROGRAM</b>		<b>Production Support Services</b>			<b>40,686</b>
		Rice seeds distributed	11,430	Procured/distributed	
		Rice seed reserve	205,000	Procured	
		Production facilities established	7	Established	
		Production facilities maintained	7	Maintained	
		Production facilities rehabilitated	2	Rehabilitated	
		<b>Extension Support, Education and Training Services</b>		<b>Conducted</b>	<b>12,160</b>
		Seed Analyst Training conducted	6		
		Seed Inspector's Training conducted	15		
		<b>Research and Development Services</b>		<b>Conducted</b>	<b>27,194</b>
		Research and development activities conducted			
		PRIME	1		
		Next Generation	1		
		Hi-Tech	1		
<b>NATIONAL CORN PROGRAM</b>		<b>Production Support Services</b>			<b>9,000</b>
		Corn seed distributed	12,562	Procured/distributed	
		Corn seed reserve	6,300	Procured	
		Production facilities established	1	Established	
		Production facilities maintained	1	Maintained	
		Production related machinery procured	2	Procured/delivered	
		<b>Research and Development Services</b>		<b>Conducted</b>	<b>5,350</b>
		Research and development activities conducted			
		Continuing	3		
<b>NATIONAL HIGH VALUE CROPS DEVELOPMENT PROGRAM</b>		<b>Production Support Services</b>			<b>72,256</b>
		Vegetable seeds distributed	47,994	Produced/distributed	
		Vegetable seeds for bulgines/bokchoy	8,630	Procured	
		Planting materials distributed	127,025	Produced/distributed	
		Production facilities maintained	155	Maintained	
		Production facilities rehabilitated	10	Rehabilitated	
		<b>Extension Support, Education and Training Services</b>		<b>Conducted</b>	<b>7,500</b>
		Technology demonstration conducted	7		
		<b>Agricultural Machinery, Equipment and Facilities Support Services</b>			<b>576</b>
		School garden established	33		
<b>NATIONAL ORGANIC AGRICULTURE PROGRAM</b>		<b>Production Support Services</b>			<b>21,553</b>
		Traditional rice seeds distributed	320	Procured/distributed	
		Organic corn seeds distributed	1,167	Produced/distributed	
		Certified organic vegetable seeds distributed	2,232	Produced/distributed	
		Planting materials distributed	33,244	Produced/distributed	
		Production facilities maintained	7	Maintained	
		Production facilities rehabilitated	1	Rehabilitated
