

Department of Agriculture
 Bureau of Plant Industry
 Projects, Programs and Activities, Beneficiaries and Status of Impelementation for FY 2023

Program/Project Name	Objectives	Accomplishments/Beneficiaries	Status of Implementation	Funds Appropriated
Bureau of Plant Industry - Regular/Core Fund				
		Production Support Services		
	Ensure availability of quaiy seeds and planting materials	Vegetable seeds distributed (92,264 kgs)	On-going distribution	
		Individual - 215		
		Group - 171		
	Ensure availability of quaiy seeds and planting materials	Planting materials distributed (101,467 pcs)	On-going distribution	
		Individual -2,076		
		Group -886		
	Promote organic agricultur and lesses dependence on inorganic fertlizer	Vermicompost distributed (10,381 kgs)	Produced/distributed	
		Individual -88		
		Group -65		
	Support the production of quality seeds and planting materials	Production facilities maintained (56 units maintained in BPI Centers and Central Office)	Maintained	
	Promote organic production, reduce the cost of production, safe environment	Biological control agents (BCAs) distributed (10,70	Produced/distributed	
		Group -16		
	Generate technologies along the line of varoetal improvement, cultyre and management, crop pest	Research and Development		
		New (16 rnew researches)	Conducted	
		Continuing (46 continuing researches)	Conducted	
		Completed (14 completed researches)	Completed	
		Agriculture and Fishery Regulatory Support	Delivered/issued/served	

		<i>Quality Control and Inspection</i>		
	are available to the farmers through field inspection and	certificates)		
		Individual -1,365		
		Group - 55		
	Ensures quality seeds are used by farmers	Seed certification(1,965,586 seed bags tagged)		
		Individual -6,103		
		Group -371		
	stakeholders	accredited)		
		Individual -19		
		Group -1		
	standards set	tagged)		
		Individual -75		
		Group -11		
	competent authority/office	culture lab accredited)		
		Group -2		
	Ensures food safety of our imported and exported crops	analyzed)		
		Individual -201		
		Group -362		
	Ensures food safety	Licensing of Food Business Operators (463 FBOs licensed)		
		Group - 459		
	Ensures safe and sustainable crop production	GAP farm certified (782 GAP farms certified)		
		Individual -531		
		Group -66		
	Crops derived from biotechnology become an option to	issued)		
		Group -6		
		<i>Quarantine Service</i>		
	countries. No entry of transboundary / quarantine pests	issued)		
		Group -75,998		
	country	certificates issued)		
		Individual -13,270		
		Group -5,059		
	Maintenance of pest - free areas	CDT issued)		
		Individual -341,049		

		Group -66,345		
		Monitoring activities		
		inspected with Reports Issued (631 facilities)		
		inspected with Reports Issued (34 products)		
		inspected at least once a year (32)		
		clearances processed within one day (%) - 84.06%		
		documents issued)		
		documents issued)		
		<i>Registrations</i>		
	Ensures that the rights of the breeders are protected	certificates issued)		
		Group -19		
National Rice Program				
		Production Support Services		
	growers and farmers	Rice seeds distributed (17,760 kgs)	Procured/produced/distributed	
		Group -33		
	Seeds readily available during calamities	Rice seed reserve (220,000 kgs)	Procured	
		Production facilities maintained (33 production facilities)	Maintained	
		Extension Support, Education and Training Services Conducted		
	production	Seed Growers Training conducted (6 trainings conducted)		
		No. of participants trained -153		
	Capacity building of old and new seed inspectors	Seed Inspector's Training conducted (4 trainings conducted)		
		No. of participants trained -136		
	Capacity building of seed analyst	Seed Analysts Training (4 trainings conducted)		
		No. of participants trained -150		
		Research and Development Services		
	R and D building improve to house laboratory	1 R&D building improved	Improved	
National Corn Program				
		Production Support Services		
	stakeholders	Corn seed distributed (21,667 kgs)	On-going distribution	
		Group -69		

	Seed reserve for calamity materials	Corn seed reserve (14,130 kgs) seed pieces)	Procured	
	To support different production activities	machineries maintained)	Maintained	
	Support prouction activities	2 agricultural/processing equipment procured	Procured	
		Services	Conducted	
	Capacitating the corn seed growers	Seed growers training conducted (3 trainings)		
		No. of participants trained -75		
	Capacitating corn seed inspectors	trainings)		
		No. of participants trained -58		
	Capacitating cassava growers	Cassava Nursery Establishment Accreditation and		
		No. of participants trained -71		
	Capacitating pest management staff	Identification and Management (1 training)		
		No. of participants trained -55		
		Research and Development Services		
	management	Research and development activities conducted	Conducted	
		Continuing (2 continuing researches)		
II High Value Crops Development Program				
		Production Support Services		
	stakeholders	Vegetable seeds distributed (66,625 kgs)	On-going distribution	
		Group -306		
	Ensure availability of seeds during calamities	Vegetable seeds for bufferstocking (477 kgs)	Procured/produced	
	distributed	Planting materials distributed (561,695 pcs)	On-going distribution	
		Group -930		
	Support to diffetent production activities	Production facilities maintained (147 facilities)	Maintained	
	Support to diffetent production activities	laboratory)	Rehabilitated	
		Services	Conducted	
	Capacity building	(1 training)		
		1 Season Long Training started		
	technologies)	Technology demonstration conducted (14)		

		Support Services		
	barangay , schools and others) , additional production	Urban agriculture garden established (23)	On-going establishment	
ational Organic Agriculture Program				
		Production Support Services		
	varieties of rice seeds	Traditional rice seeds distributed (119 kgs)	Produced/distributed	
		Group -9		
	distribution of seeds	Organic corn seeds distributed (1,447 kgs)	Produced/distributed	
		Individual -94		
		Group -39		
	vegetable seeds	Certified organic vegetable seeds distributed (3,97	Produced/distributed	
		Individual - 1,140		
		Group - 238		
	Ensure seeds are available in time of calamities	Seed reserve (1,400 kgs)	Procured	
	Promote the use of organically grown planting materials	Planting materials distributed (58,854 pieces)	Produced/distributed	
		Individual - 358		
		Group - 58		
	Support different organic production activities	Production facilities maintained (6 facilities)	Maintained	
Agriculture Program				
		Production Support Services		
	agriculture activities	Vegetable seeds distributed (45 kgs)	Procured/distributed	
		Group -653		
	enthusiasts	Planting materials distributed (2,000 pcs)	Procured/produced/distributed	
		Group - 2		
		Services	Conducted	
	production technologies on urban gardening	(4 trainings)		
		Support Services		
	Support to different production technologies	facilities)	On-going establishment
